Internet Connect

To connect to the internet please follow the instructions below; Internet connections are $9.95 per 24 hour period beginning and ending at 1100 and will be charged to your room account.

If you have a network card
(ie. most laptops purchased within the last 3-4 years)

1. Please contact the Edelweiss Resort telephone operator to receive your user ID and password.
2. Set network connection to DHCP / "Obtain an internet address automatically"
   In Windows:
   a. Start > Settings > Network and Dial Up Connections
   b. Right click on Local Area Connection. Select "Properties"
   c. Click on "Internet Protocol (I'CP/IP)"
   d. Click the "Properties" button
   e. Click the two buttons marked "Obtain an IP address automatically" and "Obtain DNS server address automatically"
   f. Restart your computer if necessary
3. Connect a network cable from the laptop to the port on the back of the room telephone.
4. Open Internet Explorer. A login page will appear.
5. Enter the user ID and password. Click "Enter"

Note: do not close the small "Billing" window that appears at the lower right of your screen If this link is closed the connection is broken.

If your computer does not have a network card

You may access the internet using your standard dial-up connection. An analog mod~ port is located in each room. You must have an account with an Internet Service Provider, (i.e. AOL, T-Online, etc.) This will provide you with conventional 56K access to the internet.

For your convenience

Internet connection cables are available with a deposit at the front desk.
